FOREWORD

We have endeavored to present our school as we would always like to remember it and as we want everybody to know it. Our watchword has been simplicity, and our desire to represent the friendliness and happiness that forms the spirit of our college

We have not striven to portray the passing of a single year in print and picture . . . for our college is not to be measured in terms of years. As a tie that binds those who have gone before to those who are yet to come we present Le Mirage of 1935.

THE PRESIDENT'S MESSAGE

College graduates, unable to find remunerative employment, sometimes ask: "What is an education for?" Certainly it ought to increase one's earning capacity; certainly it ought to help one find employment; but such results are by-products of education. The main output of the right kind of education is an increased capacity to serve, and to enjoy life in its higher reaches. The tire-repair man in the humblest filling station is rich if he is properly educated; the owner of Standard Oil is poor if he is unacquainted with life's invisible values.

College is a mine where purposeful youth seek and find the richest treasures of life—knowledge with its unlimited relationships and significance, self-control with its constant accretion of power, idealism with its inspirational stimulus, friendship with its stabilizing and satisfying influence, and a philosophy of life that puts all things in their right places. Those who fail to find these and other like values in college fail to use well the tools at their command.

If my student friends this year have uncovered, each for himself, some of the rich veins of precious values that lie hidden in college life, they will not debate with themselves about what education is for, nor regret the effort and sacrifice that have been made in its pursuit. Having had this year a fine opportunity to enrich themselves, they are now obligated to increase their new-gained wealth by distributing it among others.

Cordially yours,

J. A. Hill

J. A. Hill, President.

STUDENT COUNCIL

In the term 1920-21 the Student Council was elected and incorporated into a regular functioning body of W. T. S. T. C., for the purpose of bringing student opinion to the faculty and administration, and to act as the spokesman of the opinions of the faculty and administration to the student body at large. The Student Council works in cooperation with the President of the College, serving as a kind of advisory board.

The function of the Council is to assist the President and Administration in any way possible in order to promote the general welfare of the student body and of the college. Problems of vital interest to the institution have been discussed this year,, and active steps taken to secure the solution of them to the best interest of the college and the student body. We sincerely hope that any action taken this year will have some tangible results in promoting the welfare of everyone who is affected by the policies of this institution.

The Student Council is composed of ten members. Each class selects two representatives and two are chosen from the student body at large. The Council meets regularly the first Monday of each month, and holds such called meetings as are necessary from time to time to deal with emergency situations.

The Officers chosen this year were: J. C. Line, President; Yvonne Thomas, Vice-president; Wilma Jo Jones, Secretary-Treasurer.

CLASSES

THE CLASS OF 1935

We now approach the time in our college life when we realize that soon we shall be deprived of active participation in true college life. After four years of success and failure, we realize that there are larger and broader fields to conquer. Each member is conscious of the pain and sacrifice, as well as the joys and happiness, encountered in our successful attempt to gain our present position of intellectual achievement.

We appreciate our good fortune of being the graduating class of the Silver Anniversary year of our Alma Mater. The deprivation of the taxpayers, the co-operation of the faculty, the sympathy and help of the government, and the aid and support from our parents has each in turn contributed to make this the most fortunate graduating class in the history of our Alma Mater. They ask, in turn, that we go out and express our appreciation by passing on to youth the ideals and attitudes which our Alma Mater has given us.

We hope to repay all that has been done for us by attempting to be ourselves and to think for ourselves, and while our conclusions may not be infallible, they will be nearer right than the conclusions forced upon us by those who have a personal interest in keeping us in ignorance. We fully realize that we grow only through exercise of our faculties, and that life is expression and is constantly moving, and unfolding expansion of our personal powers.

The class as a whole will long remember the individual efforts of its sponsor, Dr. A. M. Meyer, and appreciate his personal activity with the class as a whole, and individually in helping the students over many trying places in the regular procedures of our Senior year. Also, with Dr. J. A. Hill, our honorary sponsor, we shall associate all happy thoughts of this Twenty-fifth Anniversary of our Alma Mater.

In the Future, Alma Mater, we hope you will remember us for what we attempted to do and be. We plan to "scrape the sky with our sky-scraping ambitions, but will remember that the higher the skyscraper, the deeper must be the foundation".

JUNIORS

I have enjoyed having such an all-around boy in my class. You have relieved the monotony a lot for which I thank you.

Sincerely,
Virginia Vaughan.

Dear Pupil—

You've been a great pupil + friend and if ever I need someone to help decorate for banquets I'll know where to go.

Always remember what you + I were the smartest people in that ole Spanish room at 8:30 + even if I did have to say words every morning to get up + come to class—

No olvidate nunca nuestra

Helen.

OUR POETRY CORNER

Three blind mice
See how they run
They must be in
An awful hurry.

Ben be nimble
Ben be quick
Ben jump over the candle stick
Ben Bernie.

Who killed Cock Robin?
"I did," cried the sparrow.
(you murderer, you)

There fell on a young man a curse,
That I shall explain in this verse.
He aged and grew pale
In a spider spun veil
While reading the Tale of Anthony Adverse.

King Solomon's theme song—
"Good night, a thousand good nights."

Now I lay me down to sleep
I pray the Lord my soul to keep.
If I should die before I wake
All right for you, God!

Thirty days hath September
April, June, and November.
All the rest have thirty-one,
Except Tuesday, which comes once a week.

"I know said the violet. "The stalk brought me"

Roses are red, violets are blue,
And other flowers are other colors.

Little Miss Muffett
Sat on a tuffet, eating her curds and whey.
Along came a spider and sat down beside her
An said, "Is this seat taken?"

Mary, Mary, quite contrary,
How does your garden grow?
Silver bells, and cockleshells
But the Johnson grass is raising sin with my liies

A Rolling stone gathers no moss,
but it gets damn smooth.

All work and no jack
Makes a playboy dull.

When you started
This, you thought
It was a poem,
By now, you see
You were mistaken.
Isn't it funny
How people will
Continue to read
Something even
When they know
They're being
Fooled.

IN THE SCHOOL ROOM

Mr. McCarter (in physics): Mr. Stratton, how many magnetic poles are there?
Stratton: Two, sir.
Mr. McCarter: What are they?
Charlie: Blond and brunette.

Mr. Baker: What is a skeleton?
Louise Shirley: A stack of bones with all the people scraped off.

Miss Usery: Do you like Chopin?
Vera Goodwin: No, I get tired walkin from store to store.

Mr. Murray: If there are forty-eight states in the Union and superheated steam equals the distance from Bombay to Paris, what is my age?

Leonard Britt: Forty-six, sir.
Mr. Murray: How would you prove that?
Pinky: I have a brother who is twenty-three and he is only half crazy.

Mr. Duflot: Did they like my book, *How to Control Your Emotions?*
Publisher: Oh, they simply went wild over it.

Some girls have to cram for a mid-term; others just stop after each class for a chat with the professor.

Dean Jarrett rapped on his desk and yelled, "Gentlemen, order!" The entire class shouted: "Beer!"

Mrs. Green: Little boy, why aren't you in training school?
Little Boy: Hell, lady, I ain't but three years old.

WEST TEXAS COACHES

Coach Al Baggett came to W. T. S. T. C. from Amarillo Junior College where his athletic teams were unexcelled by none in Junior College ranks. He began his official duties in Canyon in September, 1933, and lost no time in launching one of the largest and most complete athletic systems in the entire Southwest. The college and colleagues feel proud in having such a man to guide the future destinies of W. T. S. T. C. athletics.

Bob Cox came to W. T. S. T. C. as assistant physical education director in 1934. Cox, a former pupil of Coach Baggett in Amarillo Junior College, and all-southern fullback at Duke University, has proven himself a worthy worker in carrying on the gigantic athletic program outlined at W. T. In connection with his other duties he is freshman athletic coach.

In 1935 Coach Mitchell Jones was made director of Intramural Athletics in W. T. S. T. C. He is a former football star, and graduate of W. T. S. T. C., doing his advance work at the University of Oregon. The rapidly growing intramural program needs careful direction, and Coach Jones is a worthy man to place in charge of this diversion.

BUFFALO VARSITY SQUAD

Coach Al Baggett's second edition of his revised football program at W. T. S. T. C. was inaugurated in October, 1934, with only a handful of lettermen returning from the 1933 squad. The task of moulding a winner was a difficult one, and many ups and downs were encountered before the curtain fell that marked the end of an uncertain and checkered season.

It seemed that the "gods" were absent from coach Baggett and Cox the entire season. Time after time a hustling and well coached team took the field in defence of W. T., but old man hard luck made his daily visits to the team, and his woeful tales made a deep impression on the games won and lost for the Buffaloes.

Despite all of the misfortunes of the '34 season, a well-planned system was taking root, and with a host of lettermen and freshmen returning to the '35 squad, it is certain that West Texas will again be blinded by the spotlight of winning football publicity.

BASKETBALL

Basketball in West Texas has always rated as high as Dunn and Bradstreet, and the 1935 season was no exception. The tall teams that once threw fear into the hearts of the best teams in America are seeking other fortunes and Coach Baggett was forced to build his team from the ground up. Five letter men returned and with a host of transfers and freshmen, it took only a short time to form a running quintet.

Haven't we had fun Brown. playing soft ball + tie. You are just about to graduate from High School. I may you be as successful in college as you have been this year.

Here's wishing you all the success + happiness in the world for you deserve it.

The first of the season was somewhat rocky, but after that the Buffaloes settled down and played consistant and spectacular basketball. The season climax was reviewed when the Buffaloes took the Red Raiders of Texas Tech into camp for 3 out of 4 games. The season was closed by a trip to the National Tournament in Denver. The Teachers did not win any games in the meet, but they learned a great deal of basketball, and showed evidence of becoming a hard team to beat next year.

YEARLINGS

Under the leadership of Bob Cox, the yearlings turned in a remarkable record for the year, as shown by the record book, with only three defeats, at the hand of the Sandies, the Tech Freshmen, and the Portales Junior College. At times the Fish showed some wonderful floorwork, and team work. All of the men on the squad will be back next year to start with the Varsity.

WRESTLING AND BOXING

Under the coaching of Herschel Jennings, the W. T. wrestling team came out on the "top" side this year. Although only a year old, this time old battle of brawn and strength resulted in being one of the best liked sports on the campus, as shown by the crowd that attended Fight Nite. The Varsity wrestling team made several trips to foreign fields and were successful in all but one. This defeat was at the hands of Texas Tech. However in a return match at Canyon, the tables were turned, and the Buffaloes won the match by a small margin of two points. Many of the men showed some real talent in this art of eye-gouging, or ear-pulling, and with a little more experience should be able to take the best into camp.

The boxers were coached by Stina "Sugar" Cain. The men looked like a group of professionals by the end of the season. There was hardly a match fought that one of the pugilists failed to score a knockout. Like the wrestling, boxing is a new sport on the campus, and is side by side with wrestling in popularity.

There will be several vacancies to fill next year in both wrestling and boxing, but with the work and experience that those received who will be back, the propsects are high for W. T. next year.

The tumbling team this year was under the coaching and direction of Bill Blaine. The team has given some remarkable performances between halves at basketball games, and at chapel programs. Although a new activity, tumbling is among the foremost on the campus.

INTRAMURAL BASKETBALL

After Christmas, the intramural sports again took the spotlight, basketball being among the foremost. Each team had to play a certain number of games in order to enter the tournament. These teams were coached by men who knew something about basketball and who wished to gain some experience which would aid them later.

The teams entered in the tournament were: Jack's Jacks, Aggies, Farm Boys, Cousins, Ex-Eagles, Troubadors, and the Hillbillies, who were the Champions. Last year's champions, the S. O. J.'s, were not in the running.

The intramural sports are under the direction of Coach Mitchell Jones.

LE MIRAGE

Le Mirage of 1935 has attempted to portray as completely as possible to the student, life of the past year, and of the years since the beginning of West Texas State Teachers College. It is hoped that no section of the book has been over emphasized but that every phase has been given its just place and portrayal.

The art motif of Le Mirage of 1935 should be of most vital interest to the students of W. T. S. T. C. It is concerned chiefly with the Twenty-fifth Anniversary of the school and the development since its beginning. The various sketches show you something of the history of the college.

To the Staff members, they have been most reliable and very dependable. They have helped to make the yearbook express the true spirit of W. T. The Editor thanks everyone to whom thanks is due, especially to the following who worked, slaved, sweated, "lost sleep", etc.; Lou Ella McDade, Editor-elect; Lewis Shirley, Zua Warner, Carroll Killebrew, Judge Williams, and the sponsor, Dr. Fronabarger.

The Le Mirage Staff will feel repaid for its tireless efforts if the students of W. T. S. T. C. are pleased with the 1935 LE MIRAGE.

THE PRAIRIE

Since the initial edition of a bi-monthly publication of The Prairie sixteen years ago, it has developed into a weekly newspaper which ranks favorably with other college papers of the country. The paper is edited and managed by undergraduates, aided by a faculty advisor. This dual control makes it at once the official voice of W. T., sounding the opinions of the students and faculty. Its purpose, besides being a mere journal of campus activities, is to preserve a cross-section of college life accurate enough to be preserved permanently.

The Prairie has membership in interstate and national press associations as well in the local press club.

Whatever success The Prairie has enjoyed has been due directly to the efforts of the individual members of the staff under the helpful guidance and timely counsel of its sponsor, Mrs. T. V. Reeves, and to those other individuals who have contributed invaluable service to the publication this year.

THE PRESS CLUB

The Press Club, begun in the College, January 1923, was originally composed of members of the Prairie and Le Mirage Staffs. Through lack of leadership, the club was discontinued for a while, but the last two years has seen the club coming back to life with more interest shown than ever before. Under the leadership of Mrs. T. V. Reeves and Dr. B. F. Fronabarger, the club is one of the foremost on the campus.

Each year, the organization enters in the State Texas Intercollegiate Press Association. The year of 1934, saw the members of the club carry away many honors from the meeting. The Prairie won a loving cup as a token of first place in Class B newspaper. The 1934 Le Mirage also won a loving cup.

The organization this year is going to the Convention at Huntsville with the thought in mind of having the Convention at W. T. S. T. C. next year.

PI OMEGA

In 1925 a group of girls, with Mrs. Travis Shaw as sponsor, organized under the name of Red Hots for the purpose of promoting pep in W. T. S. T. C. In 1926 the name was changed to Pi Omega and other functions were added.

Formally its activities were principally in conjunction with athletics, trips to games away from home and giving stunts between halves. The tradition of making a trip once a year with the Buffaloes is still carried on.

In the last three years its function has been that of discharging any duty desired by the college, such as ushering on special occasions and sponsoring the annual coronation of the college queen.

EPSILON BETA
(Eligible Bachelors)

The Epsilon Beta was organized on the campus in January. Its purpose is to promote friendship among the boys on the campus of W. T. S. T. C., and to create a feeling for some social activity. The membership of the club is limited to twenty-five, and a person must be on the campus one semester before he can be pledged. The pledgeship lasts for six weeks, at the end of which time the person has shown what he is.

The club this year has been very busy. Several of the members aided in serving a luncheon at the Museum. To top the year off, the club had its formal initiation and dance where seven pledges were taken into the organization.

The sponsor of the club is Mr. E. Stuart Johnston.

ALPHA CHI SCHOLARSHIP SOCIETY

Alpha Chi Scholarship Society has four classes of membership, active or undergraduate, graduate, alumnus, and honorary.

Active membership is for the upper ten percent of the college junior and senior classes.

Honorary membership, faculty members and ex-students, are elected by active students in appreciation of some outstanding work.

Some of the Ex-students who have been elected to honorary membership are Emmett Hazlewood, Amarillo, Ernest Atkins, of New York, Mody Boatright of Texas University, John Randolph of Syracuse University, N. Y., Ed Gerald, University of Missouri, Lou Sore of T. W. C., and Lee Johnson of W. T. S. T. C.

COUSINS - SESAME

The Cousins - Sesame Literary Societies were organized in September 1910. The societies since that time have shared with the college the privilege of making the lives of the students brighter and more profitable. The aims of the societies are: first, to develop in the students a literary taste; second, to promote fellowship among the old and new students; and third, to develop the many talents of the group.

The societies meet each week presenting a program, either of student talent, or some person of interest to the group. There are many outstanding social events given each year by the societies to make their names outstanding in W. T. The climax of the year's work is the annual Cousins-Sesame banquet given in the spring.

INTERNATIONAL RELATIONS CLUB

The International Relations Club was organized in 1929 for the purpose of promoting international peace and understanding. This is a branch of the club under the auspices of the Carnegie Foundations for International Peace which supplies books for the I. R. C. library and sends prominent speakers to the conferences.

The club meets bi-monthly for informal programs in which visiting speakers and speakers and members of the club discuss world problems. West Texas delegates attended the New Mexico-Texas Regional Conference in Alpine, March 22.

An enlarged membership is due to a greater interest in world affairs and to the sponsorship of Mr. S. H. Condron and Mr. Herschel Coffee of the Government and Economics department.

The Alpha Sigma XI, commonly known as the Ruff-Nex, was founded in the fall of 1934, with its main objective that of fostering a new spirit and a louder form of enthusiasm among the students and other spectators of athletic contests.

It takes a real "He-Man" to go through the period of pledgeship but the rigors of this test are in reality a kindness to the pledges on the part of the members as the initiation ceremony determines conclusively whether or not the neophyte is entirely a "He-Man".

There is nothing puny about the Ruff-Nex except its methods of passing on new members.

The organization usually attends the games in a body. In addition to home games, they attended one game on a foreign field. During the past year they admirably executed their part.

Members of the order announce their presence by wearing loud red sweaters with an "Ace of Clubs" on the front.

PI BETA GAMMA

This organization, which is as yet better known as the "Science Club", was organized February 15, 1934 by a group of students interested in becoming more intimately acquainted with the practical and up to date aspects of the scientific world.

Membership was restricted to those students whose majors were physics, biology, and chemistry (hence the name Pi Beta Gamma) and who had satisfactory sophomore standing. This, however, has been widened to include majors in the field of Archaeology and any other department of natural science that may be established.

Programs featuring some individuals, either local or otherwise, who is well informed in his field and what ever slides, films, or other apparatus he might wish to use are presented monthly. All persons interested are usually invited to said programs.

WESLEY FOUNDATION

The functions of the Wesley Foundation Council may be stated under four heads.

1. To help adapt the program of the local church to the needs of the college students and to help students relate themselves vitally to the local church.

2. To help enrich and promote campus religious life and to help the local church meet its responsibilities for college students.

3. To aid in unifying all the religious interests of the students so that every religious agency will count for the utmost in the total program.

4. To train leaders for the extension of God's Kingdom.

ELAPHEIAN LITERARY SOCIETY

The Elapheian Literary Society was organized to provide social and literary activity for its members. It offers an opportunity for the development of initiative and self-expression. The society is governed by the students themselves with the help of faculty sponsors chosen each year. The Elapheians have always been among the leaders on the campus having among their number students outstanding in both literary and social affairs.

The first purpose of the Elapheian Literary Society is to develop the highest ideals of young womanhood among the students of the school.. The second aim is to import a knowledge of parliamentary law and to develop individual responsibility in conducting the affairs of the society, thus aiding properly the social development of the members.

This year has been one of outstanding activity for the society in many respects. At the first of the year the society successfully entertained the Elapheian Exes at the Silver Anniversary Homecoming with a lovely tea. One of the most important accomplishments of the year was the construction of a large electrical emblem. At the beginning of the spring semester the society entertained the Kappa Delta Chi Sorority of Amarillo Junior College with a Coffee-Dance. Another big accomplishment of the year was the Elapheian Sextet, which was invited to appear on many programs. The Annual Elapheian banquet marked the end of a very successful year.

SCRIBBLER'S CLUB

The Scribbler's Club is composed of all members of the Freshmen class who are especially interested in the various phases of journalism. The club meets twice each month in the entertaining parlors of Randall Hall. Here they read their contributions aloud and receive their fellow-member's criticisms and suggestions for improvement. Occasionally socials are held. The sponsors are Miss Margaret Wiley and Miss Cherry.

The object of this club is to create an interest in literary work to stimulate to activity those persons who are already interested in various forms. The meetings are informal and all members feel free to "rapsodise or criticise". It gives young authors an opportunity to receive criticism on their literary efforts from an audience that is equally new in the field.

COUSINS

For fourteen years Cousins Hall has stood on the campus of West Texas State Teachers College, a symbol of culture and refinement, a place that is "Home" to each girl that lives within its homey confines.

Cousins Hall is one of the social centers of the campus. Many clubs and organizations have their entertainments there. The girls are at home each Monday night for informal dancing. Each Tuesday evening Vesper Services are held. There is a formal dinner each Wednesday evening with an enjoyable program provided.

Personality, scholarship, and leadership are representative in the Hall. Yvonne Thomas is president, Dallas Mitchell, Vice-President; Ruth Stapleton, treasurer; Helen Boswell, Reporter; and Elizabeth McFarling is the social chairman.

SPANISH CLUB

EL CIRCULO ESPANOL MENENDEZ PIDAL was first organized in 1926 and was named for Menendez Pidal, the great Spanish philologist and scholar. Under the leadership of Miss Hudspeth and Miss Charlton, the club has continued to function.

The purpose of the club is to arouse interest in the use of the Spanish language, to give practice in speaking and hearing Spanish, to familiarize the student with Spanish life and customs, to gain a broader knowledge of the psychology of the Spanish-speaking nations, and to establish closer relations among the students of Spanish. To accomplish this purpose, interest programs are arranged throughout the year.

El Circulo Espanol meets twice each month. During the year the club gives a social for its members. In addition, the club renders some social service. This year the club had a noted singer and dancer, Ruth Espinel, give a concert. Besides this the club gave gifts and food to the Mexicans of Canyon.

THE WRITER'S CLUB

The Writer's Club was organized in the fall of 1930. Its chief aim is to afford upperclassmen an opportunity to do creative writing and give constructive criticism in group discussion.

Frequently, persons outstanding in fields relevant to literature and composition are asked to speak to the club on the phase in which they have specialized. This year members have studied and written poetry, plays, and short stories.

Meetings are held every other Monday night in Randall Hall with Dr. Fronabarger and Mr. and Mrs. Meyer as sponsors.

BAPTIST STUDENT UNION

The Baptist Student Union is an organization of Baptist students on the campus, the purpose of which is to establish a definite relationship between the students and the Church. During the past year, many achievements have been the result of successful work by the members of this group. The radio program every two weeks, extension programs into rural communities, the enlistment of nearly two hundred students, the trip of six students to the All-Southern B. S. U. Convention in Memphis, Tennessee, all of these have been conducive to a successful year for the students of this organization.

Officers for the year were. Ernestine Walker, President; Alice Reese, First Vice-President; J. C. Baker, Jr., Second Vice-President; Betty Hicks, Third Vice-President; Louise West, Secretary; Ada Lee Singleton, Publicity Chairman; Mary Beth Campbell, Reporter; Roach Allen, Pianist; Broughton Hardin, Chorister; G. L. Stanley, Treasurer; Miss Florence McMurtry, Sponsor; J. H. Wright, Stella Baker, Charlene McLarty, Curtis Clements, Edd McMinn, Julia Nell Stewart, Evelyn Irons, LeNette Cook, Rudell Russell, Reporters.

RANDALL HALL

Randall Hall has been operated for two years (1933-535) as a co-operative home for girls. During that time the girls have lived there happily and profitably. Each enjoyed all the conveniences, comforts and associations of a happy home. Many warm friendships were established and high scholastic record was set by the girls in hall.

In order that living expenses of young women students may be kept at a minimum, all housekeeping duties, except such as are performed by a head cook and a matron or supervisor, are performed by the residents themselves.

HOME ECONOMICS CLUB AND KAPPA OMICRON PHI

The Home Economics Club was the first department club to be organized in West Texas State Teachers College. The first organization was perfected in December, 1913. The Club was then known as the Ellen H. Richards Club, this name being chosen because Mrs. Richards was one of the founders of the Home Economics movement and pursued a very successful career in this work. In 1919, however, the name was changed to Home Economics Club because few other than members knew who Ellen H. Richards was, or what kind of an organization bore her name.

The purpose of the Club is to obtain a broader view of home economics, to improve the social aspect of life, and to help each member to find herself.

Kappa Omicron Phi is a National Home Economics Sorority. Membership is based upon scholarship, character, and personality. The Zeta chapter was founded on May 17, 1927.

The Young Women's Christian Association, an organization international in its scope, has been in existence on the campus of West Texas State Teachers College since 1910. Young women from all denominations are represented on its membership roll. The members of the Y. W. C. A. declare their purpose to be the desire to realize full and creative life through a growing knowledge of God. We determine to have a part in making this life possible for all people. In this task we seek to understand Jesus and follow Him.

WHEELER COUNTY CLUB

The Wheeler County Club was organized for the first time this year with B. T. Rucker as president the first semester and Henry Young as president the second semester. Its twofold purpose is that the students of Wheeler county might be better acquainted with each other, and that each should do his part toward the advance of education in the county.

S. H. Condron, who is especially interested in Wheeler County is the sponsor, and under his guidance the members are doing their best in carrying out the aims of the organization.

MASTERS OF THEIR CRAFT

The most famous sword maker of the 16th century was Andrew Ferara, an Italian. Hammering every part of the blade from steel of his own manufacture . . . his swords exist today as masterpieces of his art.

When a man makes a product of the finest quality, it is with pardonable pride that he places his name upon it. The maker's imprint, accompanied by traditions of skill and high standards of honest dealings, becomes the customer's guarantee of highest quality and satisfaction.

Emulating the old masters of sword making, Southwestern craftsmen put their finest work into every engraving bearing the SWECO imprint. It is your guarantee of painstaking care . . . of a superior printing plate.

We are proud to proclaim that the engravings in this volume were made by Southwestern craftsmen.

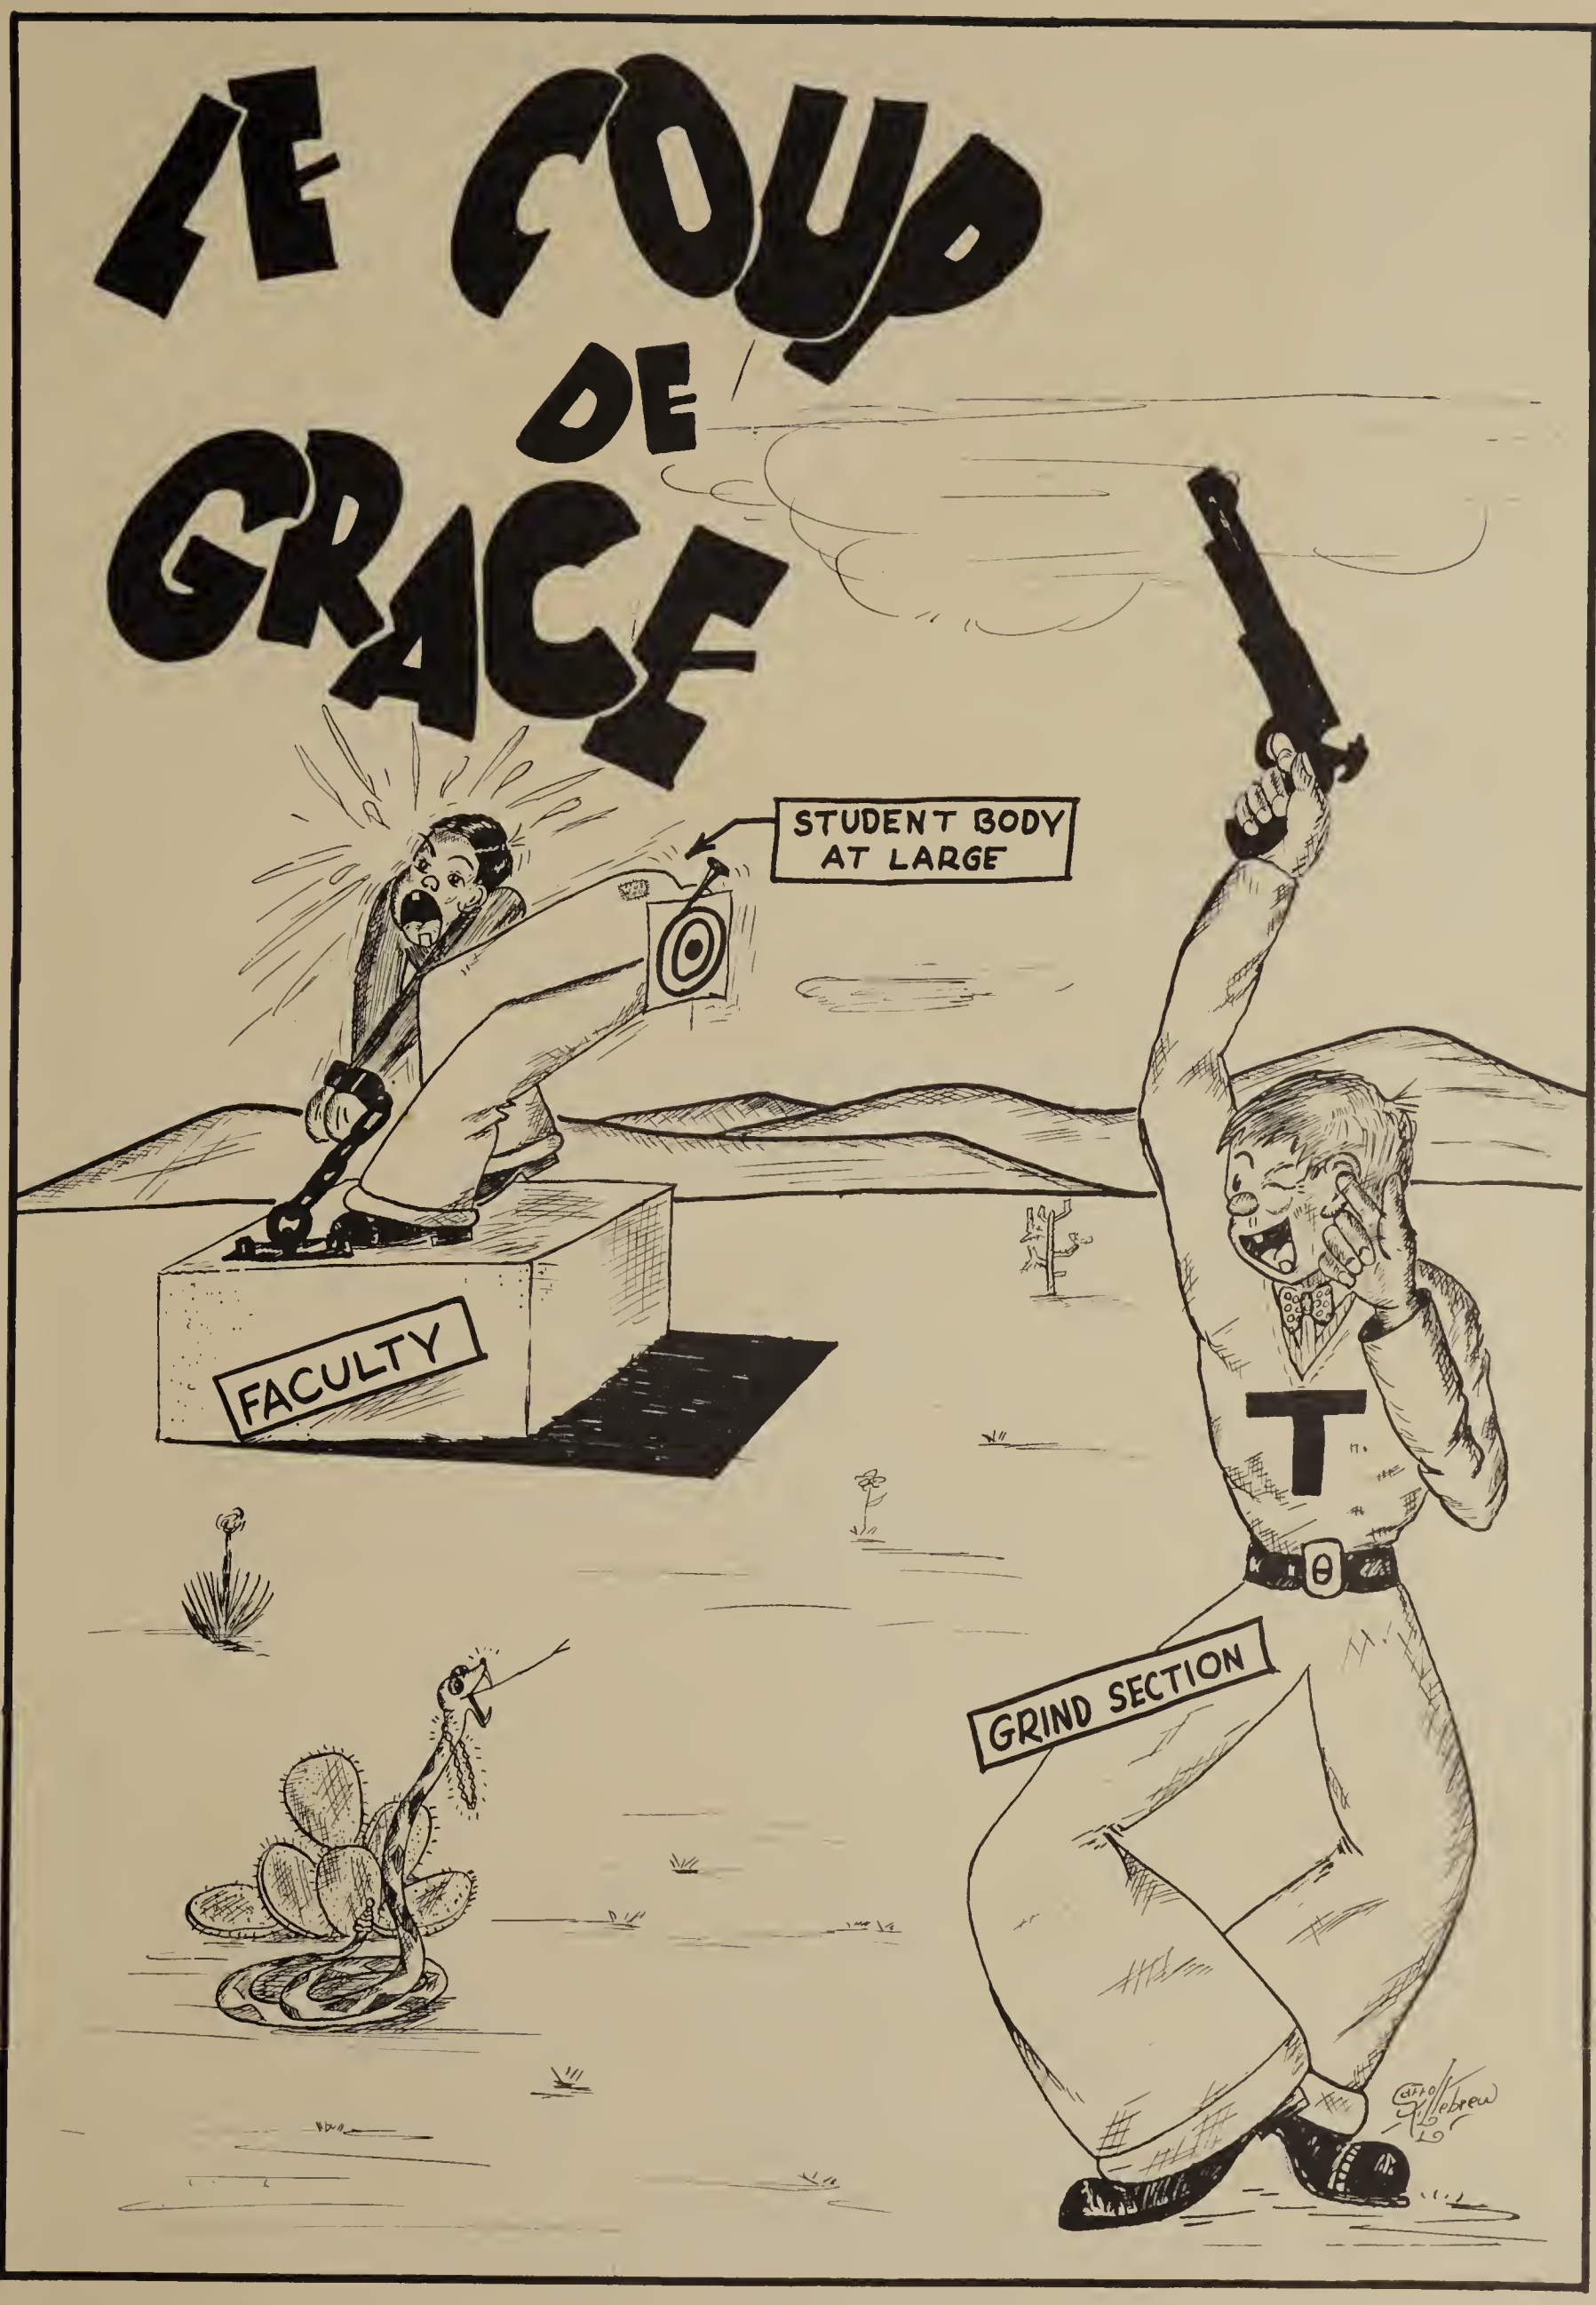
LE COUP DE GRACE



LE COUP DE GRACE

Each year we are confronted with the student body, and each year we find that it gets louder and funnier. The censors are supposed to approve all material, and yet the editors are held responsible for everything of an obscene or scandalous nature. You may thank your stars and the censors for the mildness of Le Coup De Grace.

May we present those of the student body who deserve to wallow in the mire. Those whose names do not appear in these pages may feel that they are of insignificance as to warrant no notice or mention.

Found all your skeletons,
And now, 'mid your groans,
Little Audrey will laugh and laugh
As you turn the pages

HALL AMERICAN TEAM

In carrying on the time worn tradition of W. T. S. T. C. in presenting the H. A. team, the Selection Committee has positively outdone itself. By careful and considerate choice, (there were so many eligible persons, we just put them all in a hat) the following members were honored for this year's bigger and better team.

This year's qualifications were:

1. The candidate must be overflowing with zestful college spirit. A Joe or Josephine College, so to speak.

2. He must show by his general attitude that he is "a fine fellow".

If your name fails to appear in this note-worthy line-up, it was merely an act of fate and a lack of space. Don't cry, Little One, some day you may make the team.

MEMBERS

Brady McCoy (Slugger)
Marion O'Brian (Prehistoric)
Dale Bowman (Venus)
Vivian Bennett (Bugs)
Oscar Croson (Kreisler)
Pollyanna Pitts (Peabloom)
Ruth Stapleton (Dorothy Dix - Campus Mother)
Newman Carr (Collar-ad)
Ethel Rowland (Hefty)
Capt. Dean Jarrett (only man to make the team twice in succession)
Hosea Foster (Astain)
Coach Bill Nelson (Tra-la)
Yell leader—Helen Hickman (Carrie Nation)
Bill Blaine III (mascot)
T. M. Moore—(Substitute)
Alfred Eustace Baggett (Kingfish).

LITERARY COMMENTS

"I'm an English major."
"Oh, I just love military men."

A professor who comes to class five minutes early is very rare. In fact he is in a class by himself.

A kiss is a noun, though often used as a conjunction. It is never declined — it is more common than proper and is used in the plural and agrees with all genders.

Dr. Fronabarger: "Are you cheating on this examination?"

Student: "No, Sir, I was only telling him that his nose was dripping on my paper."

"Mr. Humphries left his umbrella again. I do believe he'd lose his head if it were loose."

"I dare say you are right. I heard him say only yesterday, that he was going to Colorado for his lungs."

EXPRESSIONS FROM THE OLD MASTERS

"Come up and see me some time."—Cleopatra to Anthony
"Be yourself".—Pricilla to John
"You nasty man."—Caesar to Brutus
"Step on it".—Walter Raleigh to Elizabeth
"I hope you choke."—Jonah.

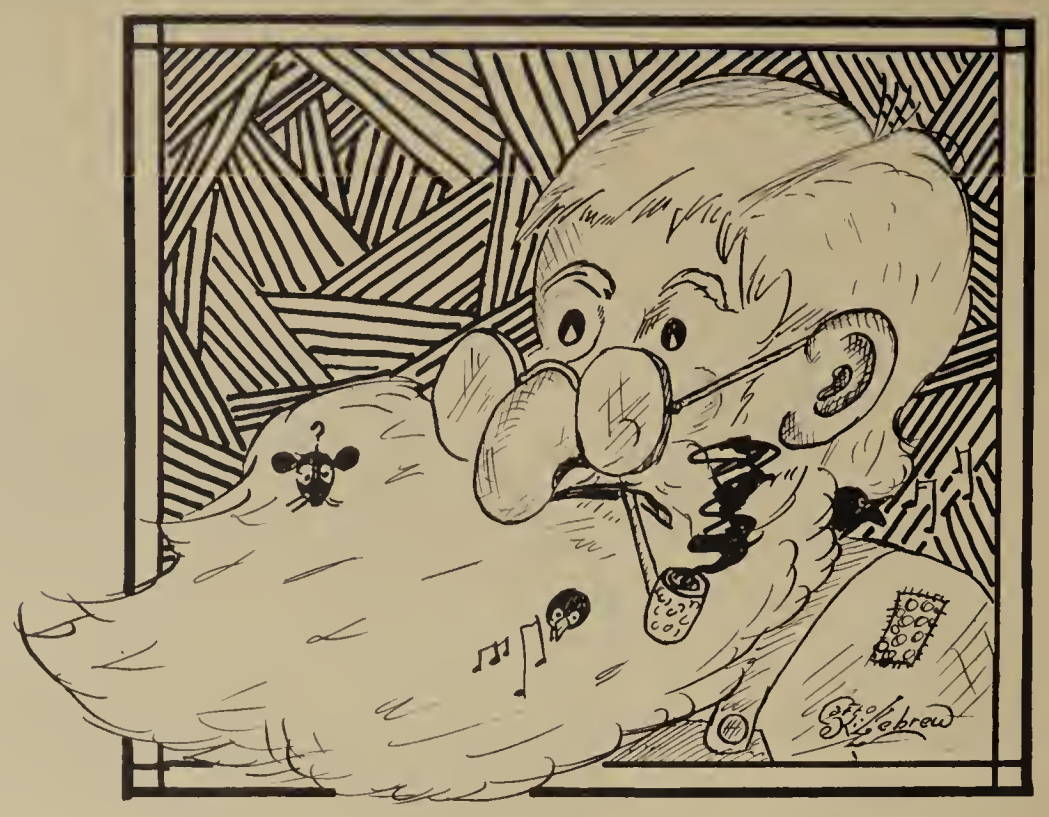
The PHILOSOPHER

by

YUNOIMA POOPOUT Ph.D

X.Y.Z. P.D.Q N.R.A. B.V.D.

F.E.R.A I.C.U. B.A. and B.S.



I hope these small bits of philosophy, which have been picked up, will be of help to you. Perhaps you will be able to connect some with the name of a particular student. An example: "A fat girl needs no protection," La Trice Quattlebaum.

"The fellow who says his girl is different is having his first love affair."

"Shoes are thrown after a bride and groom; but they furnish their own spats."

"A bachelor is a selfish brute who has cheated some worthy woman out of a divorce."

"You can't kiss a girl unexpectedly. The beest you can do is to kiss her sooner than she thought you would."

"If you must be indiscreet, be discreet about it."

"He who hesitates is lost and so is she who doesn't."

"Rouge: The pink of perfection."

"A beautiful woman should be considered only for her purely decorative value."

"When all is said, nothing is said."

"Men never change. That is the tragedy of men's lives. Women always change. That is theirs'."

"A woman's vocabulary represents her fortune and a man is the outcome of her income."

"Beauty and brains rarely, if ever, frequent the same place."

"Blank verse is the result of a poet putting his whole mind into his work."

"You've got to go in order to get, and after you get, you'll have to keep on going in order to continue your getting."

"We have greatly overemphasized the value of intelligence in business and other affairs of everyday life. Many have achieved success without any undue display of mental activity."

"Reading a book is like dropping chemicals into a test tube. It is dropping ideas into a brain. There should be a reaction, some kind of explosion. No explosion, no brains."

"The civilization of one age is the barbarism of the next."

"Culture is nothing but studied indifference."

"Public speaking is a dramatic art and has nothing to do with thinking."

"We have no tail to wag, like a dog, so we dance."

" A radical who wishes to be a gentleman is like a lover who wishes to be honorable; he doesn't mean business."

Bethine Williams: She certainly is polished, don-cha think so?
Don Fish: Yeah! Everything she says casts a reflection on someone.

Postman: "Mail's very crowded today."
Student: "What's the excitement?"
Postman: "The correspondence school is having a rally and they're mailing a bonfire to each student."

Audell Kimmins: "I wish to marry your daughter, sir."
Pop Pitts: "Young man, do you drink?"
Audell: "Thanks a lot, sir, but let's settle this other thing first."

Red Holston: Just to think, I promised my father I would never be a football player.
Coach Baggett: Well, you've kept your promise.

Maurita Taylor: Have you any Life Buoy?
Bill Allison: Set the pace, lady, set the pace.

Verna Jester: What's worrying you, Al?
Al Steed: I was just wondering if Dad would see to the milking while we were on our honeymoon, supposing you said "Yes", if I were to ask you.

Ruth Stapleton: That date last nite sure was fresh.
Dallas Mitchell: Why didn't you slap his face?
Ruth: Take my advice, never slap a guy when he is chewing tobacco.

Marion Heald: The doctor says I'll have to cut out smoking, one lung's nearly gone.
Mrs. Heald: I think you might have held out at least until we have enough coupons to get a new rug.

George Bishop: I told her I was knee deep in love with her.
Melvin Alexander: Yes, what was her comeback?
George: She promised to keep me on her wading list.

Winnie Lewis: Come and see the mole I just caught.
Willie Pitman: Oh, I didn't know moles were contagious.

Ogden Stroud: May I sit on your right hand at dinner?
Lelia Cooper: I may need it to eat with, but you may hold it.

Toast heard at Ruff Nex banquet: Here's to the land we love and vice versa.

Beatrice Clark: Frances Alice, do pigs have babies?
Frances Alice: Why, yes, dear.
Beatrice Clark: Bill told me they had little pigs.

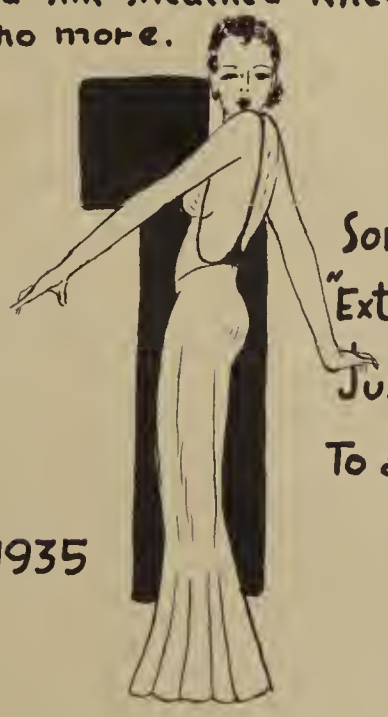
Dame Fashion

Can you remember how in 1910
The skirts were long and were never thin?
High-topped shoes were with button studded,
And nature, then, made complexions rugged.

A decade later in 1920
Fashion's decree read "Let's have plenty
Of yards of material used in our gowns,
And in this way escape the censor's frowns."

Ten years later, 'twas a different story,
All the girls and their grandmas hoary,
Finding themselves by "hard times" pressed,
Discarded superfluous articles of dress.

This brings us down to 1935.
The designers again beginning
to thrive.
Frocks cling closely, but reach the floor
And silk-sheathed knees are viewed
no more.



Some great thinker in his wisdom has said,
"Extremes extremes follow." Come! Look ahead
Just 5 years, girls, you will have to wait
To appear like this to be dressed
in state.

Making Records

Here in this annual is the record of your year. In no other way and in no other place will your record be preserved so completely and so interestingly as you are preserving it here. It is our business—and our pleasure—to work with schools and colleges in making records. Your records are interesting. They are worth preserving.
